### HIS HONOR SAID TO BE "FAT" ENOUGH NOT TO FEAR "WOLF"

His Honor, the Mayor, is peeved. Some anonymous persons have been slandering him and he doesn't like it. Says he:

"Ain't it bad enough I go get beat at this here election? Now they go tell around my wife she has left me. Also they tell I commit suicide. A laborer accidentally push his elbow through the plate-glass of my office door, and they tell someone throw a brick! What for they tell all these lies?"

"I got good home, and certain my wife finds no better anywhere else. And besides, I stay up all night on election and make up for sleep next day. What for they tell that I'm commit suicide? It's all lies, I tell you!"

Asked concerning his plans for the future, after John C. Lane takes possession of the mayor's office next January, Fern said:

"I don't know, for sure. Maybe I engage in private business. Maybe I take up the pick and shovel for two years. I expect I can stand real hard work that long."

There was a story current on the

streets this morning that His Honor is contemplating engaging in the auto rent or taxicab business. It may not be generally known, and probably up to the present His Honor has not wanted it known, but it is a fact that he is a very good automobile driver. It never would have done to have driven the official car himself, else citizens would have been asking, "Why should the city pay for a driver when Joe can drive the machine as good as the professional chauffeur?" So he never drove the city's car. There isn't much doubt His Honor would become a very popular taxi driver. And then, too, he would prove a big drawing card at all the luaus.

From his remarks above quoted, however, it would seem that the Honorable Joseph, although beaten this time, is far from dejected. He may be beaten, but apparently he has recovered his wind and even stands ready to cast his hat into the political ring again two years hence. His close personal friends say Joe needn't literally take up the pick and shovel or stavedore's truck for a livelihood, now.

### MASSMEETINGS ON TEMPERANCE NEXT SUNDAY

In the interests of "The National Wide Temperance Campaign" and to help Honolulu a little, simultaneous mass meetings will be held Sunday evening at 7:30 o'clock in the three cooperating churches, Central Union, Christian and Methodist churches. Three rousing speeches are to be delivered by Doctors E. E. Brace, W. P. Ferguson and J. W. Wadman. Mr. Geo. A. Andrus' quartet will sing at least two selections at each of the services. Automobiles will quickly convey the speakers and singers from one church to another.

ever. One who ought to know made the statement on election night that Joe's income, aside from his salary and perquisites as mayor, amounts to about \$250 a month.

### ANTI-SALOON LEAGUE IN A SPECIAL PROGRAM

Manager Blair has told Dr. Wadman that he will do all he can to make the entertainments to be given in the Popular theater next Tuesday under the auspices of the Anti-Saloon league most interesting and entertaining. School children are to be welcomed in the afternoon and adults at night.

### ORIENTAL GOODS RECEIVED.

H. Miyaki, importer of Japanese art goods, reports the arrival of a particularly comprehensive collection of Oriental art goods, which he will place on sale beginning tomorrow morning.

So extensive was this shipment, says Mr. Miyaki, that he will be unable to properly display it in its entirety. It is owing to the lack of space and the fact that there are more goods en route that these goods are to be placed on sale, thereby reducing the stock in preparation for the receipt of future arrivals of the same elegant class as those to be sold at this time.

H. L. Kerr, Bertram G. Rivenburg and Harry Macfarlane have been appointed members of a sub-committee of the committee now investigating the feasibility of the construction of an amusement pier at Waikiki, to arrange all the details connected with the proposed project. The original committee was appointed by the Promotion Committee.

### 'Y' SECRETARIES URGED TO BOOST TRAVEL TO HAWAII

At the suggestion of Paul Super, general secretary of the Honolulu Young Men's Christian Association, the promotion committee is preparing a circular letter which will be sent to association secretaries in all parts of the United States, requesting them to urge their traveling friends to visit the Hawaiian Islands.

The letter follows: "Your wealthy friends will not be able to travel to Europe for some time at least on account of this terrible war. But all is peaceful and serene in beautiful semi-tropical Hawaii, the country with the well behaved climate. Why not tell your traveling friends about Hawaii, the loveliest of islands that lies anchored in any ocean?"

"Hawaii is unparalleled both as a summer and a winter resort. It is free from cold in winter because of its tropical location, and free from the heat of mainland summers because of the constant and refreshingly cool trade winds. Suggest to your traveling friends that they enjoy the new experiences of the Pacific Islands; that they learn of a new country and a new life. We have all the conveniences of modern travel with the charms of the old native Hawaii as a new and fascinating experience."

"Remind your friends of our famous but harmless active volcano, Kilauea, 2900 miles from Honolulu on the island of Hawaii; of the romance of our sugar industry; of our thousands of acres of pineapples; bananas all year round; bathing in the great rolling South Pacific, free from chill, fogs and ice-bergs."

"Yes—and tell them we have a \$230,000 modern Y. M. C. A. building with over 1400 members in the central association, up to the minute like other things in Honolulu."

"Of your own leading secretaries, such men as Doctor Mott, Mr. Messer, J. F. Moore, and the Brockmans can tell you of the attractions of Hawaii, for they have been here, some of them a number of times."

"If you are in San Francisco during the 1915 exposition, go to the Hawaii building. You will find much to interest you there."

"Again may we express our hope that you will tell your traveling friends about us?"

There will be work in the third degree at a meeting of the members of Oceanic Lodge No. 371, F. and A. M. which will be held at 7:30 o'clock this evening in the Masonic Temple.

### SALE OF GERMAN VESSELS SAID TO BE GENUINE

[By Latest Mail]  
BANILA.—Instead of being operated by her owners, the Don Steamship Company—the newly organized inter-island shipping concern—the steamer Don Zollo, formerly the German steamer Matilde, has already been chartered to Y. Sontau & Co., and will be operated by that firm on the Manila, San Fernando, Vigan, Aparri and Santo Domingo de Basco run. The Don Zollo, which is now berthed in the river, is already flying the well-known house flag of the Chinese concern, and the color of her smokestack has been changed to agree with the houseflag.

The Don Zollo, which was formerly the German steamer Matilde, arrived here under distress of war on August 5, seeking protection under the Stars and Stripes. On August 20, this steamer and another German vessel, the Clara Jebson, now the Don Nell, were purchased by the Don Steamship Company, a new shipping concern, whose organization was precipitated by the present war, and which filed incorporation papers with the executive bureau as a bona fide concern.

Satisfying the customs authorities that the transfer of the steamers was a genuine business transaction covered by a true bill of sale, the vessels were given American registry and license to engage in coastwise traffic. The Don Nell was despatched about a fortnight ago for Mindanao ports, but the Don Zollo is still in port, hence her maiden trip under the American flag will be under the house flag of Y. Sontau & Co.

City and County Treasurer M. H. Drummond has made good the prediction published in the Star-Bulletin last week and Palmer P. Woods now holds two jobs, that of marriage license clerk and that of deputy city and county treasurer. The latter appointment was made by Drummond yesterday, formal notification being given the board of supervisors last night. The second position carries with it a salary of \$175 a month, but it may be good for only two months, until D. L. Conkling assumes the office of county treasurer. Conkling may prefer another deputy.

The trustees of the Kamehameha Schools will be hosts at a reception for President Webster, which will be held at the school next Tuesday afternoon. The members of the Kamehameha Alumni Association are invited to attend.

### SEASIDE HOTEL HOLDS DANCE TOMORROW

The regular Saturday evening dance will be held at the Seaside Hotel tomorrow evening.—Adv.

D. L. Withington, W. L. Stanley and E. A. Douthett have been appointed by President Charles H. Hemenway of the Bar Association as members of the committee on the revision of the constitution and by-laws of that organization. This committee will report at a meeting of the members of the association which is scheduled for Nov. 25.

### CORNS COME OFF AS EASY AS YOU PLEASE

"Gets-It" Being Used by Millions!  
It is the first time that a real, sure-as-fate corn cure has ever been discovered. "GETS-IT" is the new

Find the Lady Who Uses the World's Greatest Corn Cure, "GETS-IT."

corn-cure, based on an entirely new principle. It is a new, different formula, never successfully imitated. It makes corns shrivel and then vanish. Two drops do the work. You don't bundle up your toe any more with sticky tape and plaster that press down on the poor corn—no more flesh-eating salves that don't "stay put," no more hacking at corns with knives or razors, no more bleeding or danger of blood poisoning. No more limping around for days with sore corns, no more corn pains.

"GETS-IT" is now the biggest-selling corn cure in the world. Use it on any hard or soft corn, wart, callus or bunion. Tonight's the night.

"GETS-IT" is sold by druggists everywhere. 25 cents a bottle, or sent direct by E. Lawrence & Co., Chicago. "GETS-IT" is sold in Honolulu by Benson, Smith & Co., cor. Fort and Hotel Sts., and Hollister Drug Co.—advertisement.
